

God's Reflection Pt3

Reflectors

MALACHI 3:1a

1a. *Behold, I will send my messenger, and he shall prepare the way before me:*

JOHN 1:6-9

6. *There was a man sent from God, whose name was John.*

7. *The same came for a witness, to bear witness of the Light, that all men through him might believe.*

8. **He was not that Light, but was sent to bear witness of that Light.**

9. *That was the true Light, which lighteth every man that cometh into the world.*

JOHN 5:35-36a

35. **He was a burning and a shining light:** *and ye were willing for a season to rejoice in his light.*

36a. *But I have greater witness than that of John:*

MALACHI 4:1-2

1. *For, behold, the day cometh, that shall burn as an oven; and all the proud, yea, and all that do wickedly, shall be stubble: and the day that cometh shall burn them up, saith the LORD of hosts, that it shall leave them neither root nor branch.*

2. *But unto you that fear my name shall **the Sun of righteousness** arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall.*

MALACHI 4:5-6

5. *Behold, I will send you **Elijah the prophet** before the coming of the great and dreadful day of the LORD:*

6. *And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.*

QUESTIONS AND ANSWERS [61-0112]

Well, when he comes again, he's to turn right back around (did you notice, before the world was destroyed, "*the great and terrible day of the Lord*") and turn the hearts of the children to the fathers, the evening--**the evening star which was the morning star at that time.** Amen.

I hope--I hope I get it right. See? The evening star which was the morning star, 'cause **it's the same star**. We're in the west, looking east. They was in the east, looking west. It's exactly the same star. See what I mean? It depends on where you're at (See?) whether it's the eastern star or the western star.

"Venus is the second planet from the Sun... As the second-brightest natural object in the night sky after the Moon, Venus can cast shadows and can be, on rare occasion, visible to the naked eye in broad daylight." ~ Wikipedia

"After the Sun, the Moon is the second-brightest celestial object regularly visible in Earth's sky." ~ Wikipedia

REVELATION 1:20

20. The mystery of **the seven stars** which thou sawest in my right hand, and the seven golden candlesticks. The seven stars are the angels of the seven churches: and the seven candlesticks which thou sawest are the seven churches.

I CORINTHIANS 15:41

41. There is one [glory] of the sun, and another [glory] of the moon, and another [glory] of the stars: for **one star differeth from another star in [glory]**.
